Churchward Design #2 is a display font inspired by churchward design, a modern family of typefaces designed by New Zealand graphic designer and typographer Joseph. Churchward Design (2000) is a retro geometric typeface created by New Zealand graphic designer and typographer Joseph. The font is notable for its creative typographical innovation and

use of bold, italic, a serif font, its roots and influences.

Churchward design was the first face to have letter

spacing. Joseph Churchward

With the release of

Churchward Design you may

also optionally add a set of

Churchward Design serifs by

Richard Barnes found here

and here Churchward Design

font to be sold Designed by

Joseph Churchward, this free

font draws inspiration from the world of advertising and graphic design. The end result is a hybrid typeface – a sans with serifs – that's both modern and nostalgic.
