I wouldn't mind sbot, but.. using STEALCARS and TCS on offline like this.DEAR ABBY: Two years ago, my first boss gave me advice that I didn't take. I agreed to help out an old friend's brother, and he gave me a tip on how to keep the job. I did the job for nearly a year and a half. After the friend complained, my boss confronted me with some questions. He seemed to imply that I'd done an improper job. I explained that I had taken the job because I wanted to help out a friend. Another problem: I had waited too long to pass along a message, and my friend had been fired. He didn't see how that was my fault, so he kept bugging me. Tough times led to quitting the job. I'm having a difficult time finding a new job, and I'm a little worried that this whole thing will
